MAR 17 1956

Mr. Sanford Robinson  
William I. Robinson, Inc.  
151 W. 51st Street  
New York 19, New York

Dear Mr. Robinson:

Thank you for your letter of January 10, 1956, requesting that your firm be considered for the architectural and engineering work in connection with our proposed headquarters building.

We have considered the qualifications of several architectural firms with the Public Buildings Service of the General Services Administration, and have selected the firm of Harrison and Abramovitz as the principal architects for our new building. We have not reached a final determination regarding the necessity for the association of other architectural firms in this project. If you are interested in being considered for possible association, in the event it becomes desirable to engage associate architects, may I suggest you address your application to the Public Buildings Service.

Your interest in this matter is appreciated.

Sincerely,

L. E. White  
Deputy Director

cc: Harrison & Abramovitz  
Public Buildings Service
